

NOTE:

For Filters, we will use the standard Filter popup.
First popup shows the field columns that are available (Selected + Unselected)
Second one shows the type of value of the field takes.

Filter **Reset** **Filter By** **Work Order No** **Description** **Status** **Priority** **Due Date** **Work Center** **Other WO Field**

Keyword: Enter here **Apply** **Cancel**

The diagram illustrates a user workflow starting from the My Home dashboard. The user navigates from the 'Assign crew Members to Work Order' button on the dashboard to the 'Assign Crew Members to Work Order' screen. From there, they click on a specific work order (e.g., 'AHU general Maintenance') to view its details. Finally, the user opens a filter configuration screen to refine their search criteria.

Assign Crew Members to Work Order Screen:

This screen allows users to assign crew members to work orders. It includes a 'Work Order List' table and a 'Crew and its Members' panel where users can drag and drop crew members to operations.

Work Order List:

Work Order No	Description	Status	Priority	Due Date	Work Center
+ 834300	Fork Lift Hydraulic Check	Created	Very High	8/2/20	ELEKTRIK
+ 834381	AHU general Maintenance	Created	Very High	1/2/20	QA_DEP
+ 834381	Pressure Gauge Change	Released	High	6/2/20	ELEKTRIK
+ 834368	Granulator Filter Change	Created	Very High	31/01/2020	MECHANIK
+ 834300	Water Tower Pump maintenance	Created	Very High	5/2/20	ELEKTRIK
+ 834359	Granulator Filter Change	Released	Medium	30/01/2020	MECHANIK
+ 834369	Motor Wiring Check	Released	Medium	5/2/20	ITSERV
+ 834306	AHU general Maintenance	Created	High	5/2/20	ITSERV
+ 834318	Granulator Filter Change	Created	Medium	6/2/20	QA_DEP
- 834369	Granulator Filter Change	Released	Medium	8/2/20	MECHANIK

Crew and its Members:

CC-01	Ute Jordan	105004
+ Sabine Gutbrot	10964	
+ Helen Miller	105004	
No Crew Member		
CC-01	Susanne Bachtaler	105004
+ Karl Wenzel	10964	
Kelly Jones	105004	
Gerhard Metzger	10964	
Daniela Tower	105004	
Scott Kelly	10964	
Barbara Blackton	10964	
Katja Kabisch	105004	
Charles	10964	
Michelle Green	10964	

Filter Configuration Screen:

This screen allows users to define filters for work orders. It includes a 'Manage Columns' section and a list of selected fields.

Manage Columns:

- Max 5 fields can be selected at once
- Selected fields: Description, Status, Priority, Due Date, Work Center

Selected Fields:

- Work Order No
- Description
- Status
- Priority
- Due Date
- Work Center
- Other WO Field
- Other WO Field
- Other WO Field

Note:

The whole column will be clickable for the record to expand and collapse - Click once to open, then again to close.

Work Order Details:

This screen shows the details of a selected work order (e.g., AHU general Maintenance). It includes a dropdown for 'Assigned to' and a table for operations.

Operations:

Operation	Work Center	Start Date	Start Time	End Date	End Time	Work Hours	Assigned to
0010 - Install New Pipe	WC - 02	20-01-2020	23 : 12	20-01-2020	23 : 50	14 H	Drop or choose
0010 - Install New Pipe	WC - 02	20-01-2020	23 : 12	20-01-2020	23 : 50	14 H	Drop or choose
0010 - Install New Pipe	WC - 02	20-01-2020	23 : 12	20-01-2020	23 : 50	14 H	Drop or choose

Note:

Add the dropdown also:
CASE 1: When the WC is not assigned, then the dropdown indicate the user to add work-center first, the Placeholder is "Choose WC"
And "assigned to" will be disabled
CASE 2: When WC is assigned,
"Assigned to" changes to "Drop or choose"

Filter Configuration (Top Right):

This screen shows the filter configuration for the 'Work Order No' field. It includes a 'Search' bar and a list of selected values.

Search:

Selected Values:

- Ute Jordan (105004)
- Sabine Gutbrot (10964)
- Helen Miller (105004)
- No Crew Member
- Susanne Bachtaler (105004)
- Karl Wenzel (10964)
- Kelly Jones (105004)
- Gerhard Metzger (10964)
- Daniela Tower (105004)
- Scott Kelly (10964)
- Barbara Blackton (10964)
- Katja Kabisch (105004)
- Charles (10964)
- Michelle Green (10964)

Note:

FOR MULTIPLE ASSIGNMENT OF THE CREW MEMBER TO ALL OPERATIONS IN THE WO
1. Drag the Crew Member from the right and drop it on the header "assigned to".
NOTE: The full header works as a touchpoint for accepting the dragged component
2. Drop the Crew Member will be assigned to all operations.

Operations:

Operation	Work Center	Start Date	Start Time	End Date	End Time	Work Hours	Assigned to
0010 - Install New Pipe	WC - 02	20-01-2020	23 : 12	20-01-2020	23 : 50	14 H	Drop or choose
0010 - Install New Pipe	WC - 02	20-01-2020	23 : 12	20-01-2020	23 : 50	14 H	Drop or choose
0010 - Install New Pipe	WC - 02	20-01-2020	23 : 12	20-01-2020	23 : 50	14 H	Drop or choose

Operations:

Operation	Work Center	Start Date	Start Time	End Date	End Time	Work Hours	Assigned to
0010 - Install New Pipe	WC - 02	20-01-2020	23 : 12	20-01-2020	23 : 50	14 H	Susanne Bachtaler
0010 - Install New Pipe	WC - 02	20-01-2020	23 : 12	20-01-2020	23 : 50	14 H	Susanne Bachtaler
0010 - Install New Pipe	WC - 02	20-01-2020	23 : 12	20-01-2020	23 : 50	14 H	Susanne Bachtaler

Note:

When user hovers "inside" the Assigned to fields for individual operation, will immediately show "close" icon.
"Close" makes the operation back to unassigned and the input is back to the dropdown.
NOTE: the dropdown will be still available so that he can replace the assigned person with another in the WC.
